IMPORTANT INFORMATION

This Information Memorandum (**IM**) is dated 4 November 2021.

This IM details the features, benefits, risks, and general information about the Zank 888 Fund (**Fund**).

This IM is issued by Vasco Custodians Pty Ltd, ACN 644 232 539 AFSL 530682 (**Trustee**) in its capacity as trustee of the Fund.

The Trustee has appointed Zank & Company Pty. Ltd. (ACN 167 559 364) (**Investment Manager**) as the investment manager of the Fund.

The Investment Manager is a corporate authorised representative (No. 001276430) of Zank Capital Ltd AFSL: 246943.

The Trustee has also appointed Vasco Fund Services Pty Limited ACN 610 512 331 (**Administration Manager**) as the administration manager of the Fund.

By accepting this IM, the recipient agrees to be bound by the terms and conditions set out in this IM.

Unit classes

The Trustee may issue Units in different Unit classes which offer investors different rights, features, or benefits.

Where relevant, the specific information of a Unit class that may differ from, or elaborate on, the information contained in this IM will be set out in the relevant Supplementary Information Memorandum.

Glossary

Certain capitalised words and expressions used in this IM are defined in the Glossary. All references to dollar amounts in this IM are to Australian Dollars (**AUD**), unless otherwise stated.

Images

Any images in this IM do not depict assets of the Fund unless otherwise indicated.

Updated information

Information in this IM may change and may be updated or replaced from time to time. Unless the changed information is materially adverse to the Investors' rights, the Trustee may not always update or replace this IM to reflect the changed information. Updated information regarding this IM may be made available on the Trustee's website or otherwise by issuance of a replacement or supplementary information memorandum published on the Trustee's website at www.vascofm.com.

Questions

Any questions regarding this IM should be directed to the Investment Manager by phone on 1300 501 817, or email to invest@zank.com.au or by post to Level 2, 115 Collins Street, Melbourne Victoria 3000, or the Trustee on +61 3 8352 7120 or at info@vascofm.com or at Level 4, 99 William Street, Melbourne, Victoria, 3000, Australia.

ASIC

This IM has not been lodged with ASIC and ASIC takes no responsibility for the content of this IM.

Restrictions on distribution

This IM does not constitute, and may not be used for the purposes of, an offer of units or an invitation to apply to participate in the Fund by any person in any jurisdiction in which such offer or invitation is not authorised or in which the person endeavouring to make such offer or invitation is not qualified to do so or to any person to whom it is unlawful to make such an offer or invitation.

No action has been taken to register or qualify interests in the Fund, the invitation to participate in the Fund, or to otherwise permit any public offering of Fund interests in any jurisdiction other than Australia and Singapore.

It is the responsibility of prospective Investors to satisfy themselves as to full compliance with the relevant laws and regulations of any territory in connection with any application to participate in the Fund, including obtaining any requisite governmental or other consent and adhering to any other formality prescribed in such territory.

By receiving and viewing this IM, the recipient is warranting that they are legally entitled to do so and the securities laws of their relevant jurisdiction do not prohibit them from acquiring interests in the Fund. Further, the person receiving and viewing this IM from the Trustee warrants that, if they reside in Australia, they are a wholesale client as defined in section 761G of the Corporations Act and, if they reside in Singapore, they are an accredited investor or certain other person prescribed under s305 of the Securities and Futures Act (collectively, **Qualifying Investors**).

Investors from Australia

With respect to Australian jurisdiction, this IM has been prepared on the basis that prospective Investors are wholesale clients or sophisticated investors, not retail clients (all within the meaning of the Corporations Act). Accordingly, this IM is not a product disclosure statement and does not contain all of the information that would be included in a product disclosure statement issued under the Corporations Act.

The Trustee and Investment Manager are regulated by the Australian Securities and Investments Commission (ASIC) under the Corporations Act 2001 (Cth). ASIC is located at 120 Collins Street, Melbourne VIC 3000, Australia and can be contacted on 1300 300 630.

Investors from Singapore

With respect to Singaporean jurisdiction, this IM has been prepared on the basis that prospective Investors are also accredited investors or certain other persons prescribed under s305 of the Securities and Futures Act. Accordingly, this scheme is not authorised or recognised by the Monetary Authority of Singapore and Units in this scheme are not allowed to be offered to the retail public.

Further, this IM is not a prospectus as defined in the Securities and Futures Act and, accordingly, statutory liability under the Securities and Futures Act in relation to the content of prospectuses does not apply, and the offered should consider carefully whether the investment is suitable for them.

Foreign languages

This IM has been prepared in English and is intended to be read and understood in English. The Trustee has not issued or caused the issue of this IM in any language other than English. Any translations into other languages are for information purposes only. If there is any inconsistency between this English language version of the IM and a translation into another language, then this English language version will prevail.

Investor to undertake own due diligence

Information contained in this IM has been provided to prospective Investors to assist them to make an assessment of whether or not to apply to invest in the Fund. In relation to the information contained in this IM, the Trustee, Investment Manager, Administration Manager, or their related parties, officers, employees, consultants, advisers or agents do not warrant or represent that:

- all information which is relevant to the making of an investment in the Fund has been provided in this IM;
- all information provided under this IM is accurate or correct or does not contain misleading or deceptive statements.

Whilst the Investment Manager has undertaken due diligence in relation to the Fund and the information which has been presented in this IM, it is possible that due to factors such as the passage of time or the uncertainty in forecast details that the information contained in this IM may be inaccurate at the date of release of the IM or at a later time.

None of the Trustee, the Investment Manager, nor their related parties, officers, employees, consultants, advisers or agents have carried out an independent audit or independently verified any of the information contained in this IM. The Trustee has not sought to verify any statements contained in this IM about the investments proposed by the Investment Manager, the Investment Manager's business or the business of any other parties named in this IM.

Prospective Investors are strongly encouraged to undertake their own due diligence in relation to the Fund before making an investment. In addition, prospective Investors should read this IM in its entirety and seek independent professional advice as to the financial, taxation and other implications of investing in the Fund and the information contained in this IM.

To the maximum extent permitted under the law, the Trustee and the Investment Manager disclaim any liability arising from any information provided in the IM.

By making an investment in the Fund, an Investor warrants and represents to the Trustee and Investment Manager that they have undertaken their own due diligence in relation to investment in the Fund, including without limitation, in relation to the structure of the Fund, its investments and the likelihood of returns from the Fund.

IMPORTANT WARNING STATEMENTS

No performance guarantee

None of the Investment Manager, the Trustee, Administration Manager, nor their associates or directors or any other person guarantees the performance or success of the Fund, the repayment of capital invested in the Fund or any particular rate of return on investments in the Fund.

There can be no assurance that the Fund will achieve results that are comparable to the track record of the Trustee or Investment Manager and their advisers or that the Fund's investment objectives will be achieved.

An investment in the Fund does not represent a deposit with, or a liability of, the Investment Manager, the Trustee, the Administration Manager, or any of their associates.

An investment in the Fund is subject to investment risks which are described in Section 7 of this IM, including possible delays in repayment and loss of some or all of your income or capital invested. The risks associated with an investment in the Fund are different to a cash deposit or investment in an approved deposit taking institution (ADI).

Prospective Investors should read the whole of this IM before making a decision about whether to apply to invest in the Fund. The information contained in this IM is general information only and not personal financial product advice and therefore does not

take into account the individual objectives, financial situation, needs or circumstances of Investors.

Past performance should not be perceived as an indication of future performance as returns are variable and may be lower than expected.

Prospective Investors should not construe the contents of this IM as tax or investment advice.

Should it be required to protect all investments in the Fund, the Trustee, may use its discretion to delay or suspend redemptions from the Fund.

No representation other than this IM

Except where expressly disclosed, the information contained in the IM has not been independently verified or audited. To the maximum extent permitted by law, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Trustee or Investment Manager and their advisers as to the accuracy or completeness of any part of this IM, nor will they have any responsibility to update or supplement this IM.

No person is authorised to give any information or to make any representation in connection with the Offer of Units in the Fund described in this IM, which is not in this IM. This IM supersedes any prior IM or marketing materials given prior to the issue of the IM to the extent of any inconsistency. Any information or representation in relation to the Offer of Units in the Fund described in this IM not contained in this IM may not be relied upon as having been authorised by the Trustee, the Investment Manager or their advisers.

Forward looking statements

Certain information contained in this IM constitutes “forward-looking statements” that can be identified by the use of forward-looking terminology such as “may,” “will,” “should,” “expect,” “anticipate,” “estimate,” “target”, “intend,” “continue,” or “believe” or the negatives thereof or other variations thereon or comparable terminology.

Furthermore, any projections or other estimates in this IM, including estimates of returns or performance, are “forward-looking statements” and are based upon certain assumptions that may change.

Due to various risks and uncertainties, including those set forth under “Risks” in Section 7, actual events or results or the actual performance of the Fund may differ materially from those reflected or contemplated in such forward-looking statements.

The forward-looking statements included in this IM involve subjective judgment and analysis and are subject to uncertainties, risks and contingencies, many of which are outside

the control of, and are unknown to, the Trustee and Investment Manager. Actual future events may vary materially from the forward-looking statements and the assumptions on which those statements are based. Given these uncertainties, prospective Investors are cautioned to not place undue reliance on such forward-looking statements.

Any estimate, forecast, projection, feasibility, cash flow or words of a similar nature or meaning in this IM are forward looking statements and subject to this disclaimer.

Confidentiality

Neither this IM nor any other information provided by the Trustee or Investment Manager may be disclosed to any other party, except for the purpose of obtaining independent advice in connection with the consideration of an investment in the Fund, or used for any purpose other than the consideration of an investment in the Fund, unless the express prior written consent of the Trustee is obtained. Any reproduction of all or part of this IM is strictly prohibited without the written consent of the Trustee. In the event that the recipient does not participate in the Fund, this IM, along with all related materials, must be returned to the Trustee immediately upon demand.

Summary of key documents only

This IM contains a summary of the terms of the Fund and certain other documents. However, prospective Investors should refer to the complete legal documentation for the Fund (available upon request from the Trustee). Investments in the Fund are governed by the Trust Deed for the Fund and associated documents and nothing in this IM limits or qualifies the powers and discretions conferred upon the Trustee and the Investment Manager under those documents. This IM should be read in conjunction with the Trust Deed and associated documents for the Fund. In the event of any inconsistency between the Trust Deed and associated documents and this IM, then the Trust Deed and associated documents will prevail to the extent of the inconsistency.

Independent financial advice

You should obtain independent professional advice specific to your circumstances and requirements from a licensed investment advisor.

Visa Applications

The Fund is not authorised, endorsed or guaranteed by the Australian Government or the Department of Home Affairs.

If an applicant is applying to become an Investor in the Fund, then it is the responsibility of that applicant (and not the Trustee nor the Investment Manager) to ensure that it meets all of its obligations and requirements that relate to its application for, and grant of, a provisional or permanent Significant Investor Visa or Investor Visa.

An investment in the Fund in itself does not entitle the Investor to a Significant Investor Visa or Investor Visa, and neither the Trustee, Investment Manager nor any of their associates, make any representation, warranty or guarantee that an investment in the Fund in itself will secure the grant of a Significant Investor Visa or Investor Visa to the Investor. The Trustee, Investment Manager and their associates, accept no liability whatsoever for any loss or damage arising from an Investor relying on its investment in the Fund as securing the grant of a Significant Investor Visa or Investor Visa.

Eligible SIV and IV funds and who can invest

The Australian Government introduced changes to the Significant Investor Visa framework which would apply to applicants invited to apply for the Significant Investor Visa on or after 1 July 2021 (**New SIV Regime**).

This New SIV Regime has different rules and applications to the SIV Regime rules that applied to applicants who were invited to apply for the Significant Investor Visa from 1 July 2015 to 30 June 2021 (**Old SIV Regime**).

Among other changes, the New SIV Regime revised the proportions of the investment amount to be made into each of the three categories of investments under the Complying Investment Framework (CIF).

The CIF would also apply to applicants invited to apply for the Investor Visa (IV) from 1 July 2021 (**New IV Regime**), under changes also introduced to the IV.

It is intended the Fund will be a complying investment under the New SIV Regime, the Old SIV Regime, and the New IV Regime. However, the investment amounts to be made into each of the three categories of investments under the CIF will differ for each Investor, depending on when that Investor was invited to apply for the SIV or IV.

For more information on the SIV and IV investment guidelines and the CIF, refer to section 4 of this IM.

You do not have to be the holder of, or an applicant for, a Significant Investor Visa (**SIV Investor**) or Investor Visa (**IV Investor**) to invest in the Fund. Anyone who is a Qualifying Investor can invest in the Fund.

Venture Capital Fund

In order to comply with the Old SIV Regime and New IV Regime, at least \$0.5 million of an Investor's \$5 million or \$2.5 million investment (respectively) must be invested into a venture capital fund. In order to comply with the New SIV Regime, at least \$1 million of an Investor's \$5 million investment must be invested into a venture capital fund. The Trustee has entered into a distribution agreement with Vantage Private Equity Management Partnership, LP (ILP: L0000417A), a third party

operator of a regulated venture capital fund known as the Vantage Private Equity Growth 4 (**VPEG4**).

Please note investment in the venture capital fund is not effected pursuant to this IM. The venture capital fund has its own information memorandum and rules and investors should read those and form their own view.

If you choose to invest in VPEG4, then you agree to the power of attorney made in the Application Form by signing the Application Form.

Letter to Investor

Dear Investor,

On behalf of the investment management team at Zank & Company Pty. Ltd. (Zank) it is our pleasure to present to you an opportunity to invest in the Zank 888 Fund (Fund).

The Fund provides investors access to a range of SIV and IV qualifying investments including:

- Emerging Companies investments
- Private equity funds investments
- Balancing Investments

Zank is the investment manager of the Fund and is responsible for making investment decisions on behalf of the Fund. Zank is an Australia based asset management firm with a mission to deliver high-quality investment opportunities for its clients. Since its establishment, Zank has focused on fixed and semi-fixed income investment products with the belief that only stable and predictable investment returns can bring true wealth to investors.

The Fund has an independent trustee, Vasco Custodians Pty Ltd (**Vasco** or **Trustee**). Vasco is part of a corporate trustee group that provides responsible entity, trustee and fund administration services to Australian and international investment managers. The Vasco team has significant experience in the Asia Pacific region in the management of equity funds, fixed income funds, REITs, private equity real estate funds, real estate securities funds, and mortgage and real estate debt funds. Some of the funds Vasco's executives have developed include the \$2.5 billion Australian Unity Healthcare Property Trust and the \$1.5 billion AIMS Industrial REIT listed on the Singapore Stock Exchange (SGX).

I invite you to read through this IM (including Section 7 entitled "Risks") to allow you to make an informed decision before investing in the Fund.

Yours sincerely

Conghan Hu
Director
Zank & Company Pty. Ltd.

1. Key Features of the Fund

- ✓ A specifically designed SIV and IV qualifying investment fund.
- ✓ Access to a broad range of qualifying investments.
- ✓ Specialist investment managers have been selected for each asset class.

1.1 Key Features of the Emerging Companies Unit Class

- ✓ The Zank Emerging Companies Unit Class (**Emerging Companies Unit Class**) will invest in the UBS Australian Small Companies SIV Fund (**UBS Fund**).
- ✓ The UBS Fund is an actively managed fund investing in a portfolio of 30–90 Australian small company equity securities across a range of industry sectors, designed with the objective of meeting the Australian Department of Home Affairs' Significant Investor Visa (**SIV**) requirements as a 'managed investment fund' investing in 'emerging companies investments'.

1.2 Key Features of the Balancing Unit Class

- ✓ The Zank Property Unit Class (**Balancing Unit Class**) will make Balancing Investments through the Zank Property Fund.
- ✓ The Zank Property Fund will invest in complying real property investment sectors.

1.3 Key Features of the Vantage Private Equity Growth 4

- ✓ The Trustee has negotiated an arrangement through which you will be able to invest in Vantage Private Equity Growth 4 (**VPEG4**), a SIV complying growth private equity fund.
- ✓ VPEG4 is a growth private equity fund of funds investment managed by Vantage Private Equity Management Partnership, LP, focused exclusively on small to mid-market growth private equity investments in Australia.
- ✓ The businesses invested in by the funds selected by Vantage typically have a strong market position and generate strong cash flows allowing VPEG4 to generate strong consistent returns to investors.
- ✓ Additional venture capital funds may be offered to investors in the future.

Note: Your investment in VPEG4 will not be made via the Fund, but will be arranged for you separately in order to take advantage of the tax benefits available to investors in Australian venture capital funds.

2. Key Terms

3. Investment Strategy and Objective

3.1 Overview

The management team of Zank & Company Pty. Ltd. (**Zank**) has a long track record of establishing lines of business and delivering investment returns to clients. Zank has been appointed investment and asset manager to research, advise on and monitor the performance of complying investments for the Fund as outlined in this IM.

In July 2015 the Australian Government implemented major changes to the SIV program. One of the key changes was the introduction of a Complying Investment Framework (CIF), which stipulated three categories of complying investments, namely Venture Capital and Growth Private Equity Funds (**VCPEF**) investments, Emerging Companies Investments, and Balancing Investments.

The policy intent of these changes was to channel SIV monies into areas of the Australian economy which the Australian Government believed required more capital support, which would more effectively promote investment, innovation and commercialisation of Australian ideas, research and development.

In July 2021, the SIV program and the CIF were further revised. Among other changes, the mandated investment amount for VCPEF was increased and that for Balancing Investments reduced. At the same time, changes were also made to another visa category, the Investor Visa (IV), with the revised CIF introduced to the IV as well.

The Fund has been established to allow SIV Investors access to a range of qualifying investments under the SIV rules applying since July 2015, and IV Investors access to the same range of qualifying investments under the IV rules applying since July 2021.

Access to the Emerging Companies Investments and Balancing Investments will be made available by investment in the two Unit classes of the Fund, the Zank Emerging Companies Unit Class (Emerging Unit Class) and the Zank Balancing Unit Class (Balancing Unit Class). The money raised from the Zank Emerging Companies Unit Class will be invested in the UBS Fund and the money raised from the Balancing Unit Class into Balancing Investments (through the Zank Property Fund). See section 5.1 for further information on the Fund's structure.

Access to VCPEFs will also be managed on each Investor's behalf. However, the investment itself will not be an asset of the Fund, but will be held by each Investor. This structure has been adopted to take advantage of tax concessions which are available to investors of VCPEFs under Australian tax laws which may not be accessible if the same investment were made via the Fund.

The Trustee has appointed Zank as the Investment Manager for the purposes of marketing the Fund to investors and managing the investments of the Fund with a view to achieving returns for Investors.

Details about the Investment Manager are set out further below in section 6.

3.2 Borrowings

The Fund does not intend to borrow.

3.3 Valuation Policy

The Trustee maintains and complies with a written valuation policy, which is reviewed at least annually or as market circumstances dictate. This policy may be updated from time to time and is available on the Trustee's website at www.vascofm.com

4. SIV Investment Guidelines

4.1 Introduction to Australia’s Significant Investor Visa program

On 25 May 2012, the former Labor Government announced the introduction of the Significant Investor Visa (SIV), aimed at allowing Australia to compete effectively for high net worth individuals seeking investment immigration. In return for providing Australia with a new source of investment capital and increasing the pool of funds managed in Australia, successful applicants do not have to meet normal visa requirements such as a points test or upper age limit.

In July 2015, the Australian Government implemented major changes to the SIV program. One of the key changes was the introduction of a Complying Investment Framework (CIF), which stipulated three categories of complying investments, namely Venture Capital and Growth Private Equity Funds (VCPEF) investments, Emerging Companies Investments, and Balancing Investments.

The policy intent of these changes was to channel SIV monies into areas of the Australian economy which the Australian Government believed required more capital support, which would more effectively promote investment, innovation and commercialisation of Australian ideas, research and development.

In July 2021, the SIV program and the CIF were further revised. Among other changes, the mandated investment amount for VCPEF was increased and that for Balancing Investments reduced. At the same time, changes were also made to another visa category, the Investor Visa (IV), with the revised CIF introduced to the IV as well.

Note that information stated in this IM or by the Investment Manger is general information only and is not immigration advice. Investors should seek advice from a migration agent in relation to their proposed investment.

4.2 Immigration Program Overview

The SIV program involves two visas: Business Innovation and Investment (Provisional) (Subclass 188) (**Provisional SIV**) and Business Innovation and Investment (Permanent) (Subclass 888) (**Permanent SIV**).

To be granted a Provisional SIV, a client must be nominated by an Australian state or territory or Austrade. Each state or territory may have its own specific nomination requirements, including the types of investments that must be held. Other requirements to be granted the Provisional SIV may be found on the ‘Australian Government Department of Home Affairs – Immigration and citizenship’ website at the following link: <https://immi.homeaffairs.gov.au/home>.

4.3 Provisional Visa Requirements (from 1 July 2021)

The table below sets out the key requirements of the Provisional SIV and Provisional IV.

Significant Investor Visa (Subclass 188)	Investor Visa (Subclass 188)
<ul style="list-style-type: none"> Complying Investment of \$5 million (held for the duration of the provisional visa) Functional English (or pay 2nd VAC) Reside in Australia for an average of 40 days/year for primary visa holders or 180 days per/year for secondary visa holders before applying for the permanent visa 	<ul style="list-style-type: none"> Complying Investment of \$2.5 million (held for the duration of the provisional visa) 65 points on business innovation and investment points test Functional English (or pay 2nd VAC) Under 55 (unless waived by nominator) Reside in Australia for at least two years

<ul style="list-style-type: none"> • Has access to an extension stream (for up to 4 years) • Nominated by a State or Territory government, or Austrade 	<ul style="list-style-type: none"> • Nominated by a State or Territory government
--	--

The Provisional SIV and Provisional IV are valid for 5 years. Once the client has held a Provisional SIV or Provisional IV for at least 3 years, they can (if again nominated by a state or territory) apply for a Permanent SIV or Permanent IV, provided they have met all the eligibility requirements of the Permanent SIV or Permanent IV. Once granted a Permanent SIV or Permanent IV, the client is no longer required to hold complying investments, but must have a realistic commitment to maintain business or investment activities in Australia.

4.4 What are the current investment guidelines?

The 'Complying Investment Framework' (CIF) stipulates three categories of complying investments, namely VCPEF, 'Emerging Companies Investments', and 'Balancing Investments'.

Significant Investor Visa applicants who were invited to apply for the Significant Investor Visa from 1 July 2015 to 30 June 2021 (Old SIV Regime) must invest at least \$0.5 million in VCPEFs, at least \$1.5 million in 'Emerging Companies Investments' and the balance of \$3 million in 'Balancing Investments'.

Significant Investor Visa applicants who were invited to apply for the Significant Investor Visa on or after 1 July 2021 (New SIV Regime) must invest at least \$1.0 million in VCPEFs, at least \$1.5 million in 'Emerging Companies Investments' and the balance of \$2.5 million in 'Balancing Investments'.

Investor Visa applicants who were invited to apply for the Investor Visa on or after 1 July 2021 (New IV Regime) must invest at least \$0.5 million in VCPEFs, at least \$0.75 million in 'Emerging Companies Investments' and the balance of \$1.25 million in 'Balancing Investments'.

4.5 What are the requirements for VCPEF investments?

A VCPEF is a form of investment that provides capital to typically new, innovative or fast-growing unlisted companies. They are governed by the Venture Capital Act 2002. In order to be an eligible VCPEF for SIV or IV purposes, the VCPEF must be registered under the Early Stage Venture Capital Limited Partnership (ESVCLP) or Venture Capital Limited Partnership (VCLP) programmes operated by the Australian Government's Department of Industry and Science.

Investments in VCPEFs require three elements of proof for SIV and IV applicants:

- Proof that funds are taken upfront by the fund vehicle (or held in escrow in a cash management trust or bank account as security)
- Proof of entering into a commitment with the VCPEF within 6 months from the date the provisional visa is granted, and
- Proof that a substantial part of the total amounts held for investment by the VCPEF have been invested during the period the SIV or IV is in effect.

4.6 What are the requirements for Emerging Companies Investments?

To be an eligible 'Emerging Companies Investment', the investment must be invested through one or more managed investment funds, the fund must maintain a minimum of 20 investee companies within 3 months of the fund's inception date and may be open or close ended managed funds or listed investment companies. The permitted investments for 'emerging companies' include:

- Securities in companies with a market cap of less than \$500 million at the time of first purchase. These securities can be in ASX listed companies or (subject to a limit of 20% of the fund's net assets) unlisted companies.
- Other Australian exchange listed companies (subject to a limit of 20% of the fund's net assets).
- Previously held shares in companies which have grown their market cap over \$500 million (subject to a limit of 30% of the fund's net assets).
- Derivatives for risk management purposes only.
- Cash (subject to a limit of 20% of the fund's net assets).

Additionally, the manager of the fund must have and maintain \$100m in firm wide funds under management.

4.7 What are the requirements for a Balancing Investment?

To be an eligible 'Balancing Investment', the investment must be invested through one or more managed investment funds. A Balancing Investment includes investments in:

- Companies, A-REITs, infrastructure trusts, including their ordinary equity, preferred equity, convertible bonds or corporate issued floating rate notes listed on an Australian securities exchange.
- Corporate bonds or notes issued by an Australian exchange listed entity (or wholly owned subsidiary of the Australian listed entity) or investment grade rated Australian corporate bonds or notes rated by an AFS licensed debt rating agency.
- Deferred annuities issued by Australian registered life companies but cannot commence paybacks during the provisional visa period.
- Real property in Australia (subject to restrictions around investing in residential real estate).

Balancing Investment funds may be open or closed ended managed funds or listed investment companies.

Additionally, the manager of the fund must have and maintain \$100m in firm wide funds under management.

4.8 Changes to investment rules

It is intended the Fund will be a complying investment under the New SIV Regime, the Old SIV Regime, and the New IV Regime. However, the investment amounts to be made into each of the three categories of investments under the 'Complying Investment Framework' will differ for each Investor, depending on when that Investor was invited to apply for the SIV or IV.

Any further changes to 'Complying Investment Framework' announced by the Australian Government will be adjusted and updated accordingly in this Offer.

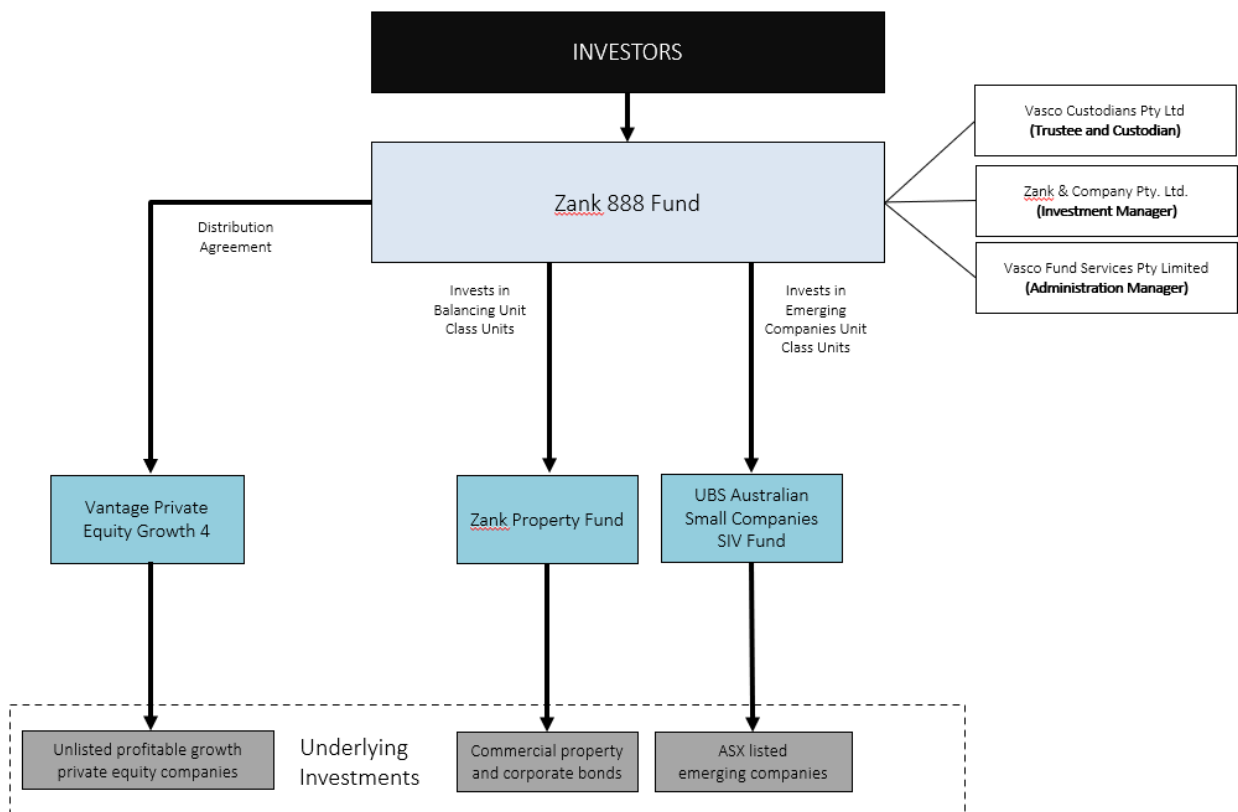

5. Structure of the Fund

5.1 Overview

The Fund structure is as follows:

- i) The Fund is a unit trust established under, and governed by, Australian law;
- ii) The Fund has two classes of Units, the Emerging Companies Unit Class and the Balancing Unit Class;
- iii) The Fund will be operated as an open-ended fund, meaning the Fund remains open to new Investors;
- iv) The Trustee and Custodian of the Fund is Vasco Custodians Pty, an Australian company limited by shares. Vasco Custodians Pty Ltd is the holder of AFS licence number 530682 and is regulated by ASIC; and
- v) The Trustee has appointed Zank & Company Pty. Ltd. as Investment Manager of the Fund. DHF Investment Services Pty Ltd as trustee of the Zank Property Fund has also appointed Zank & Company Pty. Ltd. as the investment manager of the that Fund.

The parties involved in the Fund can be represented as follows:

Investors will become Unitholders in the Fund and will subscribe for Units in the Fund in accordance with the terms of the Fund Agreements, which set out the rights of Unitholders and rules for the establishment and operation of the Fund.

The Units acquired by Investors will be in two different classes:

- Zank Emerging Companies Unit Class: funds subscribed for the Emerging Companies Unit Class will be invested in the UBS Fund and will only have a right to the income and capital received from the Fund's investment in the UBS Fund.
- Zank Property Unit Class: funds subscribed for the Balancing Unit Class will be invested in the Zank Property Fund and will only have a right to the income and capital received from the Fund's investment in the Zank Property Fund.

Unless Investors otherwise notify the Trustee on their Application Form, their total investment amount will be allocated as follows.

For Significant Investor Visa applicants who were invited to apply for the Significant Investor Visa from 1 July 2015 to 30 June 2021 (Old SIV Regime): \$500,000 will be allocated to VPEG5, \$1,500,000 will be invested in Emerging Companies Unit Class Units, and the balance of \$3,000,000 will be invested in Balancing Unit Class Units.

For Significant Investor Visa applicants who were invited to apply for the Significant Investor Visa on or after 1 July 2021 (New SIV Regime): \$1,000,000 will be allocated to VPEG5, \$1,500,000 will be invested in Emerging Companies Unit Class Units, and the balance of \$2,500,000 will be invested in Balancing Unit Class Units.

For Investor Visa applicants who were invited to apply for the Investor Visa on or after 1 July 2021 (New IV Regime): \$500,000 will be allocated to VPEG5, \$750,000 will be invested in Emerging Companies Unit Class Units, and the balance of \$1,250,000 will be invested in Balancing Unit Class Units.

Any amount invested above the minimum investment will be invested in Balancing Units, unless otherwise directed by the Investor to the the Trustee in the Application Form. Investors may also choose to invest only in particular Unit classes.

Investors will not be able to withdraw their Units for four years from their date of issue. Once the four-year period has expired, it is expected that Investors will be able to redeem their investment by giving 60 days' notice, subject to available liquidity at that time. Because the only assets the Fund will hold are units in the underlying fund, the liquidity of the Fund will depend on the liquidity of the underlying fund, which in turn is dependent on the assets the underlying fund holds. More information about the investment strategies for each of the underlying fund appears later in this section.

At the expiry of the four-year period during which withdrawals are not permitted, Investors may submit a request to withdraw some or all of their Units from the Fund. The Trustee does not guarantee that the amount available for withdrawal will permit an Investor to withdraw any or all of their Units.

Investors will be entitled to transfer their Units to other Qualifying Investors with the Trustee's consent, which will not be unreasonably withheld.

5.2 Qualifying Investors

This Offer is only available to wholesale clients within the meaning of the Corporations Act. A wholesale client means an Investor who:

- invests \$500,000 or more in the Fund or
- if investing less than \$500,000:
 - provides a certificate from a qualified accountant (substantially in a form provided by and available from the Trustee) that states that the Investor has net assets of at least \$2.5

million or has a gross income for each of the last two financial years of at least \$250,000;
or

- is a professional investor (including the holder of an Australian financial services licence, a person who controls more than \$10 million or a person that is a listed entity or a related body corporate of a listed entity); and
- if residing in Singapore, can also demonstrate (in addition to one of the above) they are an accredited investor or certain other person prescribed under s305 of the Securities and Futures Act by providing a declaration to that effect and suitable documentary evidence.

The Trustee has the discretion to accept applications from people who are not Qualifying Investors, provided these people are otherwise permitted by law to participate in the Offer.

The Trustee reserves the right to reject an application without providing a reason.

5.3 Issue of Units

Units will be issued using the Unit Price calculated as at the last day of the month in which a completed Application Form and the Application Monies are received, and are issued at the start of the following month. Units are expected to be issued within 10 Business Days of the end of the month in which a completed Application Form and Application Monies are received.

Further detail about applying for Units in the Fund is outlined in section 12.

5.4 Unit Price

The Unit Price for the initial issue of Units in the Fund is \$1 per Unit.

At any other time, the Unit Price will be based on the underlying value of the Fund's assets and is calculated in accordance with the terms of the Trust Deed. The redemption price for a Unit is also based on the underlying value of the Fund's assets. This price may be different from the price originally paid for the Unit as the Fund's assets are re-valued. Further detail about the Fund's valuation policy is outlined in section 3.3.

Where the Trustee is reliant on third party information to calculate the Unit Price this determination may be delayed until such time as the information is received.

Unit prices for the Emerging Companies Unit Class and the Balancing Unit Class will be updated on the Trustee's website from time to time.

The price that will apply to your application may be different from that on the website as the one that will apply will be the one calculated after you submit your application.

5.5 Redemptions

You will not be able to withdraw your investment in the Fund until after the fourth anniversary of the date on which your Units were first issued (and excluding the date of any reinvestment). Following this date, you may submit a withdrawal request to the Trustee setting out the number of Units you wish to withdraw from the Fund.

The Trustee does not guarantee that the amount of cash available in the Fund will be sufficient for an Investor to withdraw all of their investment.

The Trustee will use reasonable endeavours to satisfy valid withdrawal requests, however, it is not obliged to do so where there is sufficient cash available in the Fund or the Trustee considers it would be a material disadvantage to the Fund if some or all requests were met.

Withdrawal requests that can be satisfied will be done so within 60 days of receipt of requests.

Only the proceeds from realisation of assets of the UBS Fund will be used to satisfy withdrawal requests from Emerging Companies Unit Class Investors, and only assets of the Zank Property Fund used to satisfy withdrawal requests from Balancing Unit Class Investors.

Where there is insufficient liquidity to satisfy all Withdrawal Requests, redemptions will be satisfied on a pro-rata basis until all Withdrawal Requests are satisfied.

Withdrawal Request Forms are available online at www.vascofm.com

Under the terms of the Trust Deed, in certain situations, the Trustee is able to, amongst other things, suspend all redemptions or compulsorily redeem Investors where it believes that doing so is in the best interests of Investors in the Fund as a whole.

Your ability to withdraw your VCPEF investment will depend upon the liquidity of the VCPEF and you should refer to the relevant disclosure document.

5.6 Distributions

Distributions are expected to be paid to Investors nominated bank accounts annually within 60 business days following the end of each Financial Year.

The Trustee reserves the right to make distributions more frequently in its absolute discretion.

Distributions to Investors will take into account the number of Units held by the Investor on the day each distribution is calculated.

The Trustee may also decide not to distribute amounts which it reasonably considers necessary to meet any outgoings or liabilities (actual or contingent) in respect of the Fund including any amounts required for tax withholdings. Taxes paid or withheld that are allocable to one or more Investors will be deemed to have been distributed to such Investors for the purposes of determining the above calculations.

5.7 Reinvestment

Capital distributions paid by any VCPEF investments will be receipted into the Vasco Cash Enhanced Fund and then reinvested in the Balancing Unit Class.

All other distributions are expected to be paid to the Investors nominated account.

5.9.1 Investment Manager

The investment manager of the Zank Property Fund is Zank & Company Pty. Ltd. For further details please see section 6.1.

5.9.2 Key Features of the Zank Property Fund

- ✓ A professional investment and asset manager managing a diversified portfolio of SIV complying investments.
- ✓ A managed exposure to property development projects and other real property businesses.
- ✓ The Investment Manager will target income and capital growth from a variety of real property sectors.
- ✓ Selected assets expected to produce monthly income such as a share of pre-tax profits to Balancing Unit Class Investors.
- ✓ The Investment Manager has an objective return to investors of 12% per annum to this Fund. This is a target return only and not a forecast. There is no guarantee this objective will be met.

5.9.3 Investment Objective, Strategy and Security

The aim of the Zank Property Fund is to invest in a diversified portfolio of real commercial assets.

The Investment Manager's primary focus will be on acquiring properties with future re-development potentials or high-yield leases. Complying properties may include hotels, shopping centres, office building, mixed-use commercial sites and industrial warehouses. In addition, the Investment Manager may also invest into listed A-REITs and corporate bonds with meriting investment returns, subject to such investments meeting the requirements of the prevailing SIV regime.

The Zank Property Fund may additionally establish additional unit classes which invest in properties deemed undervalued by the investment manager. These properties may include but are not limited to half complete development projects, developments under distress, high yield purpose-built properties and any other properties the Investment Manager deem fit to invest in for the benefit of the Fund.

5.9.4 Investment Process

The Investment Manager operates a suite of policies including investment criteria, valuation, risk and liquidity policies updated from time to time at its discretion. These policies provide a guiding framework for selecting and transacting with target investment opportunities.

Within each asset allocation in the portfolio, the Investment Manager expects to conduct due diligence on potential real property opportunities to assess its financial viability.

The Investment Manager will continuously acquire, manage and dispose of assets in the portfolio to achieve the risk and return objectives of the Zank Property Fund.

5.10 Venture Capital or Private Equity Fund

Fund name	Vantage Private Equity Growth 4 (VPEG4) Additional funds may be offered in the future.

This amount will be invested in the Vasco Cash Enhanced Fund until called by Vantage for investment in VPEG4. The Application Form contains a power of attorney which will enable the Trustee to complete the relevant application forms for the Vasco Cash Enhanced Fund and, VPEG5 on your behalf. Your investment in VPEG4 does not form part of the Fund.
Investment Strategy	The Vasco Cash Enhanced Fund invests in bank deposits and term deposits with authorised banking institutions and floating rate notes listed on the ASX and in institutional funds with similar investment strategy. Details of the investment strategy for VPEG4 are set out below.

Disclosure documents

The disclosure documents for both the Vasco Cash Enhanced Fund and VPEG4 are available by contacting the Trustee on +61 3 8352 7120. It is highly recommended that you read both disclosure documents in their entirety before investing in the Fund.

5.10.1 Investment Manager

Vantage Asset Management Pty Ltd, the general partner of Vantage Private Equity Management Partnership, LP, was established in 2004 and is a leading independent manager of private equity. Vantage develops and manages innovative and well-structured, institutional grade, private equity investment funds for Significant Investor Visa (SIV) applicants, sophisticated investors and high net worth individuals.

As at 31 December 2020, the 25 Private Equity funds in which Vantage's Growth Private Equity Funds have commitments had subsequently invested in 132 underlying companies of which 56 had been exited or sold. Those exits have generated 2.5 times the original cost of the investment into those companies and delivered an average gross Internal Rate of Return to Vantage's Funds of 29.7%.

Vantage's current offering, Vantage Private Equity Growth 4 (VPEG4), is a SIV complying, AusIndustry registered, Australian Fund of Funds and follows the same successful investment strategy into growth private equity, as its predecessor funds Vantage Private Equity Growth Limited (VPEG1), Vantage Private Equity Growth 2 (VPEG2) and Vantage Private Equity Growth 3 (VPEG3). VPEG4 is a fund of funds investment strategy ultimately managed by Vantage Asset Management Pty Ltd focused exclusively on small to mid-market growth private equity.

5.10.2 Key Features of the Fund

- VPEG4 is an AusIndustry registered SIV complying Australian Fund of Funds.
- The minimum investment for SIV applicants in VPEG4 is \$1,000,000.
- Vantage has engaged Vasco as the cash trust manager for VPEG4 application monies. An escrow agreement exists between Vasco as trustee of the Vasco Cash Enhanced Fund and VPEG4 to ensure all capital calls issued by VPEG4 are met.
- Once an application is received by VPEG4 and application monies are received by Vasco, a commitment with VPEG4 will exist.
- While your investment is held in the Vasco Cash Enhanced Fund, all distributions from the Vasco Cash Enhanced Fund will be reinvested.
- Distributions are paid by VPEG4 following receipt by each of the underlying private equity fund investments. Distributions paid by the VPEG4 will be received by the trustee of the Vasco Cash Enhanced Fund and then reinvested in the Balancing Unit Class until it can be released to the Investor in accordance with visa regulations.
- The businesses invested in by the funds selected by Vantage typically have a strong market position and generate strong cash flows allowing Vantage to generate strong consistent returns to investors.
- A key factor in Vantage's investment strategy is risk minimization. This is obtained by diversification of underlying investments across a range of parameters, including fund manager, geographic region and industry sector.

5.10.3 Investment Objective and Strategy

Investors in the Fund will be given an opportunity to invest directly in VPEG4. Your investment will be monitored by the Investment Manager who will report to you periodically on its performance.

Note: Your investment in VPEG4 or any other VCPEF will not be made via the Fund, but will be arranged for you separately in order to take advantage of the tax benefits available to investors in Australian venture capital funds.

5.10.4 Further Information

Further information on VPEG4 is available from the Vantage website at www.vantageasset.com or by calling +61 2 9216 9053.

6.2 The Trustees and Administration Manager

Vasco Custodians Pty Ltd (**Trustee**), DHF Investment Services Pty Ltd, and Vasco Fund Services Pty Limited (**Administration Manager**) are part of a corporate trustee group (**Vasco**) that provides responsible entity, trustee and fund administration services to Australian and international investment managers.

The Vasco team has significant experience in the Asia Pacific region in the management of equity funds, fixed income funds, REITs, private equity real estate funds, real estate securities funds, and mortgage and real estate debt funds.

Some of the funds Vasco's executives have developed include the \$2.5 billion Australian Unity Healthcare Property Trust ARSN 092 755 318 and the \$1.5 billion AIMS Industrial REIT listed on the Singapore Securities Exchange.

The Managing Director of Vasco was responsible for establishing the real estate funds management businesses of Australian Unity Funds Management Limited and MacarthurCook Limited.

Clients of Vasco have included Golden Age Development Group, China Asset Management (HK), Infrastructure Partners Investment Fund, Vital Healthcare Property Fund, Phillip Asset Management Limited and Morgan Stanley Real Estate.

As the Fund's trustee, Vasco Custodians Pty Ltd will manage the Fund in accordance with the Trust Deed and its duties and obligations under Australian law and, importantly, will have regard to the best interests of Investors in all decisions that it makes with respect to the Fund.

Investors are advised that due to a restructure within Vasco, the trustee of the Zank 888 Fund is expected to be replaced with a related party of the existing trustee in due course.

Vasco Fund Services Pty Limited is the Administration Manager of Zank 888 Fund and Zank Property Fund.

The appointment of the Trustee and Administration Manager is subject to a minimum of a four-year term.

6.3 Trustee of Zank Property Fund

DHF Investment Services Pty Ltd is the Trustee of the Zank Property Fund. The appointment of the Trustee and Administration Manager is subject to a minimum of a four-year term.

Administration fees*	The Administration Manager is entitled to an Administration Fee of: <ul style="list-style-type: none"> \$15,000 per annum where the Fund has gross assets of less than \$20 million and there are less than 25 Investors; or \$25,000 where the Fund has gross assets of \$20 million or more or there are 25 or more Investors. The Administration Fee is subject to an annual increase of 5% on 1 January of each year. The Administration Manager's appointment is for a minimum term of 4 years. The Administration Fee for the Fund will be apportioned pro-rata across all unit classes based on the respective GAV of each unit class.	Paid to the Administration Manager monthly in arrears from the processing of the first Application to invest in the Fund.
Administration fees for the UBS Fund *	Please refer to section 5.8.	
Administration fees for the Zank Property Fund *	Please refer to section 5.9.	
Expenses*	The Trustee or relevant party appointed by the Trustee is entitled to be paid or reimbursed for expenses associated with establishing and the operation of the Fund. See Section 7.4 for more information.	Paid to the Trustee or relevant party appointed by the Trustee as and when incurred

**Any fees and expenses outstanding for more than 60 days attract an interest charge of 10% per annum until paid.*

7.2 Payment of fund fees and costs

The Investment Manager has agreed to pay the fees and expenses payable by the Fund until such time as, in the opinion of the Trustee, they are able to be paid from the assets of the Fund and may at the discretion of the Trustee be reimbursed from the Fund's assets for these payments.

7.3 Buy and Sell Spread

Buy and sell spreads are calculated based on the actual or estimated costs the Fund may incur when buying or selling assets, such as stamp duty on a property purchase or brokerage fees on the sale of a business, or for acquisition expenses such as expenses associated with the raising of capital for the trust.

The buy and sell spreads are retained within the Fund and are not fees paid to the Trustee.

The buy spread is taken out of application amounts. The sell spread is taken out of withdrawal amounts.

The buy and sell spreads may be updated from time to time and will be published online at www.vascofm.com.

7.4 Expenses

The Trustee, Investment Manager and Administration Manager are entitled to be paid or reimbursed for all expenses properly incurred in connection with performing their duties and obligations in the day-to-day operation of the Fund. Such expenses include, but are not limited to, any additional costs associated with the administration or distribution of income, asset management and the management of defaults and arrears.

The Trust Deed for the Fund sets out the rights of the Trustee to be paid or reimbursed for expenses of the Fund reasonably and properly incurred by the Trustee in the proper performance of its duties, and include a non-exhaustive list of the types of the expenses to which the Trustee is entitled to be paid or reimbursed.

7.5 Change to fees and other costs

The Trustee may change the above fees and expenses charged to Investors by giving at least 30 days written notice to Investors, subject to any fee limits in the Trust Deed. The Trustee may agree with any Investor any fee arrangements with that Investor which are different to the fees set out above.

7.6 Goods and services tax

Unless otherwise stated, all fees quoted in the IM are quoted exclusive of GST.

7.7 Interest of application monies

Interest earned on application monies is retained by the Trustee.

7.8 Waiver, deferral or rebate of fees

The Trustee or Investment Manager may accept lower fees and expenses than it is entitled to receive, or may defer payment of those fees and expenses for any time. If payment is deferred, then the fee will accrue until paid. In addition, the Investment Manager or Trustee may waive, negotiate or rebate their fees.

8. Risks

All investments involve varying degrees of risk. While there are many factors that may impact on the performance of any investment, the section below summarises some of the major risks that investors should be aware of when investing in the Fund.

Before investing, prospective investors should consider whether the Fund is a suitable investment, having regard to their personal investment objectives, financial position, and particular needs and circumstances. Investors should also consider and take into account the level of risk with which they are comfortable, the level of returns they require, as well as their frequency and nature, and their investment time horizon. Investors should seek professional advice in setting their investment objectives and strategies.

The risks described below are not exhaustive, and whether a risk is specifically referred to in this section or not, that risk may have a material effect on the performance and value of the Fund.

Importantly, investors should note that the value of an investment in the Fund, and income received by investors, may rise or fall and, consequently, investors may suffer losses (including the loss of all of their capital investment in the Fund).

8.1 Risks applicable to all investments in the Fund

8.1.1 *SIV and IV risk*

Investment in the Fund may not be considered a complying significant investment and accordingly the Department of Home Affairs may not grant a Permanent SIV or Permanent IV or revoke an Investor's Provisional SIV or Provisional IV. Alternatively, the SIV or IV requirements may change during the life of the Fund and investments may no longer be considered complying significant investments.

The Investment Manager has taken reasonable steps to ensure that it is making SIV and IV compliant investments. However, Investors should seek independent legal advice to ensure that an investment in the Fund is a complying significant investment.

8.1.2 *Investment risk*

The value of an investment may rise or fall, distributions may or may not be paid and an Investor's capital may or may not be returned. No guarantee is made by the Trustee, the Investment Manager, nor any of their directors, associates or consultants on the performance of the Fund.

8.1.3 *Manager Risk*

The Trustee and Investment Manager may elect to retire or may be replaced as the Trustee or Investment Manager of the Fund or the services of key personnel of the Trustee and Investment Manager may become unavailable for any reason.

There is always a risk that the Trustee and Investment Manager may fail to identify and adequately manage the investment risks in the Fund's portfolio and thus affect the ability to pay distributions or reduce the value of the Units.

Operational risks of the Trustee, the Investment Manager and the Administration Manager include the possibility of systems failure, regulatory requirements, documentation risk, fraud, legal risk and other unforeseen circumstances.

The Fund is relying on the ability of the Investment Manager and its investment professionals to achieve the Fund's objectives when investing in projects. If the Investment Manager and/or its investment professionals were not to continue in their respective roles, the Fund may not be able to achieve its objectives.

8.1.4 Third party manager risk

The Unit Classes may invest in certain other Australian managed investment schemes, which will be managed by third-party managers.

There is a risk a third-party manager or its investment strategy will not achieve its performance objectives or produce returns that compare favourably against its peers, which may result in lower returns or a capital loss for the relevant Unit Classes which has invested in that fund.

8.1.5 Key personnel risk

The Trustee and Investment Manager both rely on a small number of professionals. In particular, Mr Craig Dunstan is a key individual of the Trustee, and the management team of the Investment Manager is responsible for implementing the investment strategy of the Fund. If either of these parties or any other key personnel from the Trustee or the Investment Manager resigned, or were terminated, a suitable replacement may not be achieved within a reasonable time frame, and any replacement would be subject to similar risks.

8.1.6 Legal, regulatory and compliance risk

Changes in government legislation, regulation and policies generally could materially adversely affect the operating results of the Fund. Although unable to predict future policy changes, the Investment Manager intends to manage this risk by monitoring and reacting to any potential regulatory and policy changes.

The operation of a funds management business in Australia is subject to significant regulation by Australian government authorities, including without limitation the ASIC, the Australian Transactions Reporting and Analysis Centre, the Foreign Investment Review Board and the Australian Consumer and Competition Commission. There is a risk that the Fund may not comply at all times with its various obligations under government regulations, and this may result in the loss of authorisations of the AFSL held by the Trustee thereby preventing the continued operation of the Fund.

8.1.7 Liquidity risk

The Fund is an illiquid investment.

An investment in the Fund should be viewed as illiquid. There is currently no secondary market for units in the Fund and it is unlikely that any active secondary market will develop. There are substantial restrictions upon the transferability of Units under the Fund Agreements and applicable securities laws.

In particular, there will be no withdrawal rights during the first four years of investment. Furthermore, if a withdrawal request is submitted, only the proceeds from realisation of assets of the UBS Fund will be used to satisfy withdrawal requests from Emerging Companies Unit Class Investors, and only assets of the Zank Property Fund will be used to satisfy withdrawal requests from Balancing Unit Class Investors. Those assets may be insufficient to satisfy withdrawal request in full or at all.

Investors must also note withdrawal requests do not need to be met if the Trustee considers it would be a material disadvantage to the Fund if some or all requests were met.

You should only consider an investment in this Fund if you are not likely to require access to your investment in the medium term.

8.1.8 Information not complete or accurate

The Investment Manager is not in a position to confirm the completeness, genuineness or accuracy of any information or data included in this IM. A significant amount of the material provided in this IM was supplied by third parties. This information has not been audited or independently reviewed.

8.1.9 Tax risk

Tax regulations can change and changes can be adverse. Investors should consider their own circumstances before investing.

8.1.10 Value of unit risk

The value of a Unit may rise or fall. A fall in the value of the Fund's assets may result in a fall in the Unit price. Asset values are affected by a number of factors which may include supply and demand of competing property assets, interest rates, market sentiment, government policy, taxation and general market conditions.

8.1.11 Operating history

The Fund has a short operating history upon which Investors may base an evaluation of its likely performance.

The performance of the Balancing Unit Class will depend on the Investment Manager's ability to carry out the proposed investment strategy successfully. While the principals of the Investment Manager have previous experience making and managing investments of the type contemplated by the Zank Property Fund, there can be no assurance that the Zank Property Fund's investments will achieve the targeted rate of return.

The performance of the Emerging Companies Unit Class will depend solely upon the performance of the UBS Fund.

8.1.12 Fees and expenses

The Fund will incur fees and expenses regardless of whether it is successful. The Fund will pay Investment Manager fees, Trustee fees and administration fees whether or not it receives its returns. In addition, the Fund will also be required to pay annual Investment Manager fees, Trustee fees and administration fees whether the funds raised are fully utilised or not. The Fund must therefore ensure that sufficient liquidity is maintained in order to meet these and other expenses. The Trustee and the Investment Manager expect to incur significant costs and expenses in seeking to source, evaluate, structure, negotiate, close, monitor and exit the investment including, but not limited to, financial, legal, technical, regulatory, commercial advisers, engaged to assist the Trustee and the Investment Manager in seeking to source, evaluate, structure, negotiate, close, monitor and exit the investment. There can be no assurance that the Fund will be successful in being able to recover these fees and expenses from a successfully closed investment. These amounts may be significant and could have an adverse impact on the return that Investors might otherwise realise.

8.1.13 Currency risk

The Fund's investment will be denominated in Australian dollars and therefore the weakening of a country's currency relative to the Australian dollar will negatively affect the value of the Fund's from the perspective of an international Investor. Among the factors that may affect currency values are trade balances, the level of short-term interest rates, differences in relative values of similar assets in

different currencies, long-term opportunities for investment and capital appreciation, central bank policy and political developments.

8.1.14 Thinly-capitalised management

The Investment Manager does not have any material independent financial resources. If an action or claim is brought against the Investment Manager and such claim is not covered by the professional indemnity or directors' and officers' insurance policies arranged by or on behalf of the Investment Manager, the Fund cannot assure that the Investment Manager will have sufficient financial resources to cover any amounts payable under any such claim. The Fund is reserved to certain sophisticated investors who are required to be aware of the risks involved in an investment in property and who accept that they will have recourse only to the Fund's assets in existence at any given time.

8.1.15 Cyber Security risk

Investors should be aware that while the Trustee has implemented technologies, processes, and practices designed to protect its networks, devices, programs, and data (or Information Technology Systems) such Information Technology Systems may still be subjected to malicious attack, damage, or unauthorised access.

Such Information Technology Systems may include the storage of information concerning an Investor's identity, financial interests or other personal details provided to the Trustee in connection with their investment in the Fund.

In the event serious harm is a likely outcome of a breach of the Trustee's Information Technology Systems, the Trustee or Investment Manager (as may be required) will notify the affected individuals and recommend steps that ought to be taken in response to the breach. The Trustee may also be required to notify any regulatory authority as required by law.

8.1.16 COVID-19

Any number of unknown risks may arise as a result of the current COVID-19 pandemic, which may adversely impact the Fund and returns to Investors. These risks may be exacerbated by social and health issues and any related Government restrictions or policies implemented in response to the pandemic.

8.1.17 Other risks

It is important to note that not all risks can be foreseen. It is therefore not possible for the Investment Manager to protect the value of the Fund's investment from all risks. Investors should ensure they obtain appropriate professional advice regarding the suitability of an investment in the Fund having regard to their individual circumstances, including investment objectives, their level of borrowings, their financial situation and individual needs.

Neither the Trustee nor Investment Manager guarantees the repayment of investments or the performance of the Fund.

8.2 Risks applicable to Balancing Unit Class

Investment made by Balancing Unit Class will be SIV compliant investments in (amongst other things) commercial real estate. The nature of the investment may be an equity position or other compliant structure.

8.2.1 Diversification risk

The Zank Property Fund will be predominantly investing in real estate development projects. As such, the Balancing Unit Class may not be diversified by sector or geography, and consequently the Balancing Units will be exposed to any events which have an adverse effect on the value of the underlying assets in the real estate sector.

8.2.2 Documentation risk

Legal risks may arise where contracts used by the Zank Property Fund to make an investment are found to be defective or unenforceable against counterparties. To manage this risk, the Trustee or Investment Manager will ensure that a reputable legal practitioner with professional indemnity insurance is engaged to prepare and finalise legal agreements.

8.2.3 Underlying property risk

There may be external influences from time-to-time, including unforeseen items of expenditure which have not been budgeted for and loss of revenue, which adversely affect the value of underlying property over which a security interest may be granted. These may result in a reduction of distributions and returns as well as the capital value of the underlying property.

8.2.4 Market risk

Real estate valuations fluctuate and the value of real property is determined by market forces at any particular time. This may result in the value of the property held by the Fund increasing or declining in value. There is also a risk that at the end of the investment term, the Property may not be able to be sold for its current valuation or there may be delays in selling the Property, due to property market conditions or other factors.

8.2.5 Planning and development risk

The Fund may invest with developers undertaking planning works and there are numerous risks associated with such works. For example, the Fund could be exposed to adverse planning and building approvals and timing delays which could occur at any stage of the process, increasing the duration of projects and impacting negatively on cash flows. Approval may not be granted or granted on conditions the Trustee does not find acceptable. These risks cannot be completely mitigated however the Trustee intends to mitigate them where possible by including appropriate safeguards in its contracts. There is also a risk that contractors may default under the terms of a contract due to circumstances outside the Trustee's control (for example, if a contractor becomes insolvent). This may in turn affect the value of the underlying property over which a security interest may be granted.

8.2.6 Environmental, Social and Governance risks

Land contamination, the presence of hazardous materials, asbestos or other contaminants may be found on the projects and have an adverse impact on the Balancing Unit Class.

Furthermore, changes in environmental policy, ratings systems (e.g., NABERS) and other legislated environmental outcomes may adversely affect the projects. Additionally, changes in social norms, outcomes or expectations, including the governance of investments, may impact positively or negatively on the Fund.

8.2.7 Interest rate risk

Fluctuations in market interest rates may impact Zank Property Fund's investment. For example, rising market interest rates may increase a variable loan borrower's interest costs, making it more difficult to make regular payments.

8.2.8 Return of Capital

The return of capital and the realisation of gains, if any, generally will occur only upon the partial or complete repayment of the investment. Given the nature of the Zank Property Fund, it is not expected that this will occur until 4 to 5 years after the initial investment. Before such time, there will be no capital return on the Balancing Investments made by Zank Property Fund. Investors should also note that Fund operating expenses, including annual management fees, may exceed income from investments and therefore requiring the difference to be paid from the Fund's assets.

8.2.9 Valuation Risk

This is the risk that valuation of a property over which a security interest is granted is inaccurate at the time of making the investment so that the amount realised on enforcement of a security interest is less than would have been expected had the valuation been correct. There is also the risk that a valuer who provides an inaccurate valuation does not have or no longer has adequate professional indemnity insurance to cover the valuation on which the lender relies. In the event that the valuations obtained by purchasers to secure finance are below the purchase price, this may adversely impact their ability to settle.

8.2.10 Conflicts of Interest Risks

The Trustee and its directors may develop advisory and other relationships with a wide variety of clients and investors. As a result of obligations that arise from those relationships, including obligations of confidentiality, certain potentially suitable investment opportunities of which the Trustee becomes aware may not be offered or disclosed to the Fund.

8.3 Risks applicable to Zank Emerging Companies Unit Class

8.3.1 Liquidity risk

Securities may lack liquidity because of insufficient trading activity and this may make it difficult or impossible for a trade to be executed within a favourable time frame. As a result, a potentially profitable trade may not be executed or it may not be possible to close out a position in a timely fashion leading to reduced profits and higher losses for the UBS Fund and consequently the Zank Emerging Companies Unit Class.

8.3.2 Securities market risk

Changes in securities prices across the underlying relevant securities markets in which the Vasco EC Fund is exposed to may adversely affect the performance of the Zank Emerging Companies Unit Class. Factors that drive changes in securities prices include changing profitability of companies and industries, economic cycles, volume of share issuance, investor demand levels, business confidence and government and central bank policies including the level and direction of interest rates and natural disasters and man-made disasters beyond the control of the relevant investment manager.

8.3.3 Company specific risk

Company specific risk is inherent in a particular stock's performance due to factors that are pertinent to that company. These factors will cause a stock's return to differ from that of the market. Actively managed funds look to gain exposure to this risk in order to attempt to outperform the market; however this exposure can also lead to underperformance.

8.3.4 Volatility risk

Volatility risk is the potential for the price of the Emerging Companies Unit Class investments to vary, sometimes markedly and over a short period of time.

Investments in equity securities are traditionally towards the higher end of the risk-return spectrum, and an investment in the Emerging Companies Unit Class should be considered a speculative investment. This may lead to fluctuations in the Unit price and/or amounts distributed to Investors, including fluctuation over the period between a redemption request being made and the time of redemption.

8.3.5 Mid cap securities risk

The securities of mid cap companies generally trade in lower volumes and are generally subject to greater and less predictable price changes than securities of larger capitalisation companies.

8.4 Risks applicable to VCPEF

The risks applicable to your VCPEF investment will be set out in the disclosure document for the VCPEF. You should consider that disclosure in detail prior to making an investment. A summary of some of the risks that may apply to a VCPEF investment is provided below.

8.4.1 Deal flow

Vantage Asset Management Pty Ltd may not be able to identify and reach agreement with a sufficient number of suitable investee companies or unit trusts.

8.4.2 Venture Capital investment risks

There are a number of risks that are specific to venture capital and early-stage investments:

- The inherent risks associated with investing in a company that has been recently established and does not have a long history of trading results;
- An investee company may suffer a loss of experienced staff;
- An investee company may not achieve market acceptance of its products and services;
- An investee company may be unable to scale its operations or manage its cash flows; and/or
- An investee company's customer database may reduce in quality and size.

Note that VPEG4 will not invest in venture capital investments but only into growth private equity opportunities.

8.4.3 No Public Market Risk

There is generally no secondary public market for Partnership Interests held in VPEG4 other than that provided by the General Partner. Investors are also subject to restrictions on transferring, selling or otherwise disposing of their Partnership Interests under securities laws of various jurisdictions and the Partnership Deed. In the case where an Investor may seek to transfer their Partnership Interests but can't, the Investor may nevertheless be permitted to redeem some or all of their Partnership Interests in VPEG4 in accordance with the redemption procedures set out in the VPEG4 Information Memorandum and the Partnership Deed.

In certain circumstances, as detailed in Section 8, of the VPEG4 Information Memorandum there is a risk that the General Partner may be prevented from satisfying redemption at the time the Investor is seeking to dispose of their partnership interests.

8.4.4 Asset Class Inherent Risk

Investment in private equity can be of a higher risk than traditional asset sectors, due to the illiquid nature of the asset class and some investments may fail which may result in a loss of some of investors' capital.

8.4.5 Competition

Competing businesses including those with superior products or technologies may adversely affect an investee company which may have a material adverse effect on returns to Investors. The introduction of new competitors or a more aggressive competitive response from existing participants may affect the operating performance of an investee company. There is no assurance that an investee company will be able to compete successfully in its marketplace and any increase in competition could adversely affect the earnings of an investee company.

Additionally, the markets in which the Investee Companies operate may also carry risks. These risks include:

- The overall market perception of the industry sector in which the Investee Company operates;
- Developments in patents or other intellectual property of any Investee Company or its competitors; and
- Announcements of technical innovations by an Investee Company or its competitors.

9. Taxation Information

The information in this section is of a general nature and is not, nor is it intended to be, tax advice, and cannot be relied upon as such.

Each Investor's taxation position will depend on their individual circumstance and Investors should seek their own taxation advice in relation to the taxation of income distributed by the Fund, whether interest, dividends, capital gains, etc.

9.1 Tax File Number and Australian Business Number

It is not compulsory for an Investor to quote a Tax File Number (TFN), claim a valid exemption for providing a TFN, or (in certain circumstances) provide an Australian Business Number (ABN). However, if an Investor does not provide a TFN, exemption or ABN, tax will be required to be deducted from the Investor's distributions at the highest marginal tax rate plus Medicare levy and any other applicable Government charges (currently 49%).

9.2 Stamp Duty on the transfer of Units

As the register of the Fund will be maintained in Victoria, no marketable securities duty is payable on the transfer of Units in the Fund. Land rich or landholder duty may be payable in the issue, redemption or transfer of Units in any Australian jurisdiction where the Fund owns or has an interest in land.

9.3 Foreign Account Tax Compliance Act (FATCA)

FATCA is United States (US) tax legislation that enables the US Internal Revenue Service (IRS) to identify and collect tax from US residents that invest in assets through non-US entities. If you are a US resident for tax purposes, you should note that the Fund is or is expected to be a 'Foreign Financial Institution' under FATCA and it intends to comply with its FATCA obligations, as determined by either the FATCA regulations or any inter-governmental agreement (IGA) entered into by Australia and the US for the purposes of implementing FATCA. Under these obligations, the Fund will have to obtain and disclose information about certain Investors to the Australian Taxation Office (ATO). In order for the Fund to comply with its obligations, we will also request that you provide certain information about yourself, including your US Taxpayer Identification Number (TIN). We will only use such information for this purpose from the date the Fund is required to do so.

9.4 Common Reporting Standards (CRS)

CRS is the standard set by the Organisation for Economic Co-operation and Development (OECD) for the automatic exchange of information with revenue authorities for tax non-residents that invest in certain financial accounts. The standard covers both the identification of tax non-residents and reporting on the applicable financial accounts. The Trustee is a 'Reporting Financial Institution' under CRS and intends to comply with its CRS obligations under any relevant Australian laws and regulations, including obtaining and disclosing information about certain investors to the ATO or other foreign tax authorities as required. To facilitate these disclosures, Investors will be required to provide certain information such as that relating to their country of tax residence and their relevant taxpayer identification number (if applicable).

9.5 Foreign Investment Review Board (FIRB)

Investors are likely to be predominantly entities that are domiciled and operate outside Australia. As a result, the Fund will be characterised as a "foreign person" for purposes of the Foreign Acquisitions and Takeovers Act 1975 (Cth) (FTA), meaning that acquisitions of Australian assets by the Fund will be subject to the review processes contemplated by the FTA.

The Australian Government has established, under the FTA, related regulations and foreign investment policy, investment thresholds for foreign persons. Generally, the effect of these is that the acquisition of any asset (including shares in a company, instruments convertible into shares in a company and direct

Project equity) for a consideration of \$A 252 million or less and, in the case of shares in a company, for the acquisition of 20% or less of the fully-diluted issued capital of the company will be approved automatically on a notification-only basis. However, other requirements apply in respect of residential real estate, vacant land and shares or units in companies or unit trusts that have 50% or more of the value of their assets in Australian urban land. Other requirements also apply to the acquisition of interests in developed commercial real estate.

All of the investments by the Fund will be under this threshold and thus not require specific approval.

10. Additional Information

10.1 Summary of important documents

The following is a summary of material documents relevant to the Fund. The material documents are:

1. Trust Deed
2. Investment Management Agreement
3. Administration Agreement
4. Distribution Agreement
5. Escrow Agreement

You should consider whether it is necessary to obtain independent advice on any of the documents.

10.1.1 Trust Deed

The Trust Deed is the primary document that governs the way the Fund operates and sets out many of the rights, liabilities and responsibilities of both the Trustee and Investors.

The Trust Deed provides for the issue of different classes of Units. The terms of those classes are set out in the Trust Deed and the terms of issue for the relevant class of Unit. There will be two classes of Units on issue in the Fund; the Emerging Companies Unit Class which will only have rights to the income and capital of the UBS Fund, and the Balancing Unit Class which will only have rights to the income and capital of the Zank Property Fund.

Subject to the Trust Deed, as an Investor you have the following rights:

- The right to share in any distributions;
- The right to attend and vote at meetings of Investors; and
- The right to participate in the proceeds of winding up of the Fund.

The Trust Deed contains provisions about convening and conducting meetings of Investors.

The Trustee can amend the Trust Deed without the approval of Investors provided the Trustee reasonably considers the changes will not adversely affect your rights. The Trust Deed can also be amended by a special resolution passed by Investors.

A copy of the Trust Deed is available free of charge by contacting the Trustee on +61 3 8352 7120.

10.1.2 Investment Management Agreement

The Investment Management Agreement is between the Manager and the Trustee under which the Manager provides investment management services to the Fund.

The Investment Management Agreement sets out the Investment Manager's obligations to the Trustee and to the Fund. The agreement also contains the fees payable to the Investment Manager for its services.

The Investment Management Agreement will remain in force until the Fund is wound up, unless the agreement is terminated earlier in accordance with its provisions. The agreement can be terminated by the Trustee if the Investment Manager is in material breach of the agreement, and that breach has not

been remedied after a certain time. There are also provisions allowing the Trustee and Investment Manager to terminate if, for example, either party becomes insolvent.

10.1.3 Administration Agreement

The Administration Agreement is between the Administration Manager and the Trustee under which the Administration Manager provides fund administration and accounting services to the Fund.

The Fund Administration Agreement sets out the Administration Manager's obligations to the Trustee and to the Fund. The agreement also contains the fees payable to the Administration Manager for its services.

10.1.4 Distribution Agreement

Vantage Private Equity Management Partnerships, LP (ILP: L0000417A) (PE Manager) is the general partner and investment manager of VPEG4. It has appointed the Trustee as a distributor of VPEG 4 pursuant to the terms of the distribution agreement.

Under the Distribution Agreement, the Trustee undertakes to market VPEG4 in return for the following fees:

1. An upfront fee equal to 2% of the amount of capital the Trustee sources for investment in VPEG4.
2. An annual fee equal to 0.5% of the capital subscribed to VPEG4 that was sourced by the Trustee, payable for four years.

10.1.5 Escrow Agreement

The PE Manager, each separate investor and the Trustee will enter an escrow agreement in respect of the investors' \$1,000,000 or \$500,000 (as the case may be) components to be invested into VPEG4. The Trustee is appointed to act as escrow agent to hold that amount in the Vasco Cash Enhanced Fund, which is a cash management trust. Holding funds in this way pending investment into a venture capital fund is a feature of the SIV rules.

Under the agreement, the Trustee will hold the escrow amount on terms typical for an arrangement of this type. There are also usual indemnities and rights in favour of the Trustee as escrow agent, including an indemnity from the investors for all costs and expenses the escrow agent incurs in performing its duties under the agreement.

Any interest on the escrow amount will be reinvested.

10.2 Privacy

In applying to invest, you are providing the Trustee and the Investment Manager with certain personal details (your name, address etc.). The Trustee uses this information to establish and manage that investment for you.

Under the *Privacy Act 1988* (Cth), you can access personal information about you held by the Trustee, except in limited circumstances. Please let the Trustee know if you think the information is inaccurate, incomplete or out of date. You can also tell the Trustee at any time not to pass on your personal information by advising it in writing.

If you do not provide the Trustee with your contact details and other information, then it may not be able to process your application to invest.

Under various laws and regulatory requirements, the Trustee may have to pass-on certain information to other organisations, such as the Australian Tax Office or the Australian Transaction Reports and Analysis Centre (AUSTRAC).

By applying to invest, you give the Trustee permission to pass information it holds about you to other companies which are involved in helping it administer the Fund, or where they require it for the purposes of compliance with AML/CTF law or in connection with the holding of Application Money. The Trustee may also use your information to provide you with details of future investment offers made by it or the Investment Manager.

10.3 Complaints handling

Applicants and Investors who wish to make a complaint about the Fund should contact the Trustee by telephone on +61 3 8352 7120, by email to info@vascofm.com, or in writing addressed to:

The Complaints Officer
Vasco Custodians Pty Ltd
Level 4, 99 William Street
Melbourne VIC 3000

The Trustee will acknowledge a complaint as soon as practicable after receiving it and will notify the complainant of its decision, remedies and other information in accordance with the Trustee's complaints handling process.

10.4 Anti-money laundering law

The Trustee is required to comply with the *Anti-Money Laundering and Counter Terrorism Financing Act 2006 (AML/CTF Law)*. This means that the Trustee will require potential Investors to provide personal information and documentation in relation to their identity when they invest in the Fund. The Trustee may need to obtain additional information and documentation from Investors to process applications or subsequent transactions or at other times during the period of the investment.

The Trustee may need to identify:

- (a) an Investor prior to purchasing Units in the Fund. The Trustee will not issue Units until all relevant information has been received and an Investor's identity has been satisfactorily verified; and
- (b) anyone acting on behalf of an Investor, including a power of attorney.

In some circumstances, the Trustee may need to re-verify this information.

By applying to invest in the Fund, Investors also acknowledge that the Trustee may decide to delay or refuse any request or transaction, including by suspending the issue or withdrawal of Units in the Fund, if it is concerned that the request or transaction may breach any obligation of, or cause the Trustee to commit or participate in an offence under, any AML/CTF Law, and the Trustee will incur no liability to Investors if it does so.

10.5 Transfer of Units

You can transfer the ownership of your Units at any time provided that the transferee meets the requirements of an Investor in the Fund and has been approved by the Trustee.

Under the Trust Deed, the Trustee has the discretion to refuse the transfer of Units and is not obliged to accept a transfer of Units. Please note that a transfer of Units may have taxation consequences.

There will not be any established secondary market for the sale of Units.

10.6 Consents

12. Application for Units

12.1 Applications for Units

An application for Units can only be made by completing and lodging the Application Form that is included below (**Application**).

Instructions relevant to completion of the Application Form are set out in the form.

A completed original Application Form, including relevant identification documents, should be lodged by sending it to the Administration Manager at the following address:

**Zank 888 Fund
Vasco Fund Services Pty Limited
Level 4, 99 William Street
Melbourne, Victoria 3000
Australia**

An Application constitutes an offer by the applicant to subscribe for Units on the terms and subject to the conditions set out in this IM.

If the Application Form for Units is not completed correctly or if the payment of the Application Monies is for the wrong amount, the Application may still be treated as a valid Application at the sole discretion of the Trustee.

However, where the payment is for less than the investment amount applied for, the Application will be deemed to be for the lower amount received, subject to the minimum investment amount of the Fund.

The minimum investment amount for the Fund is \$5 million; however, \$1,000,000 of this will not be invested in the Fund but will be instead held on escrow for investment in VPEG4. Of the remaining monies invested in the Fund, the Trustee will allocate the \$1.5 million in the Zank Emerging Companies Unit Class and the remainder in the Zank Balancing Unit Class.

The Trustee reserves the right to reject an Application (in whole or in part) without reason.

All Application Monies received in relation to the Offer will be held in the account of the Trustee until allotment of the relevant Units. Any interest earned on Application Monies will be retained by the Trustee and will not form part of the assets of the Fund.

12.2 Power of attorney

The Application Form contains a power of attorney that permits Vasco to complete the application for investment in the Vasco Cash Enhanced Fund and VPEG4 on an applicant's behalf. This is an important document and Vasco will not be able to make your investment in the VCPEF if it does not receive the power of attorney properly completed and signed.

Use this application form if you wish to invest in:

Zank 888 Fund

The Information Memorandum dated 4 November 2021 (IM) for the Zank 888 Fund (Fund) includes information about purchasing Units in the Fund. Any person who gives another person access to this Application Form must also give the person access to the IM and any incorporated information. You should read the IM and any incorporated information before completing this application form. The trustee of the Fund is Vasco Custodians Pty Ltd (Vasco) ACN 652 938 791 AFSL 530682.

Customer identification

If you are a new investor, you are also required to complete the relevant Customer Identification Form depending on what type of investor you are e.g. individual or super fund. The Customer Identification Forms are available on our website www.vascofm.com or by calling our Investor Services team on +61 3 8352 7120.

Australia's Anti-Money Laundering and Counter Terrorism Financing (AML/CTF) legislation obliges us to collect identification information and documentation from prospective investors.

Investors are required to complete this Application Form together with the relevant Customer Identification Form and send these to us with the required identification documentation. We will not be able to process your Application without a correctly completed Customer Identification Form and the required identification documentation.

Important Information for Financial Advisers

When using the Customer Identification Form, please complete Sections 1 or 2 and 3.

If you are a financial adviser who has identified and verified the investor, by completing the Customer Identification Form together with Section 12 and the verification procedure and in consideration of Vasco accepting the investor's application:

- you agree to identify and verify the investor, using the relevant Customer Identification Form
- you agree to retain a copy of the completed forms and all identification documents received from the investor in the investor's file for seven (7) years after the end of your relationship with the investor
- you agree to advise Vasco in writing when your relationship with the investor is terminated and agree to promptly provide Vasco all identification documents and/or the record of identification received from the investor at this time, or as otherwise requested from Vasco, from time to time.

11. Declaration and applicant(s) signature(s)

Please read the declarations below before signing this form. The signatures required are detailed at the bottom of this Application Form.

I/We declare that:

- all details in this Application Form and all documents provided are true and correct and I/we indemnify Vasco against any liabilities whatsoever arising from acting on any of the details or any future details provided by me/us in connection with this application;
- I/we have received a copy of the current IM and all information incorporated into the IM to which this application applies and have read them and agree to the terms contained in them and to be bound by the provisions of the IM (including the incorporated information) and current Trust Deed of the Fund (each as amended from time to time);
- I/we have legal power to invest in accordance with this application and have complied with all applicable laws in making this application;
- I/we have received and accepted this invitation to subscribe for units in the Fund in Australia and warrant to Vasco that I/We are permitted to invest in the Fund without Vasco obtaining any further authorisation, registration or certification in any country other than Australia and agree to indemnify Vasco for any loss suffered if this warranty is untrue;
- the details of my/our investment can be provided to the adviser group or adviser named at the end of this form or nominated by them by the means and in the format that they direct;
- if this application is signed under Power of Attorney, the Attorney declares that he/she has not received notice of revocation of that power (a certified copy of the Power of Attorney should be submitted with this application unless we have already sighted it);
- sole signatories signing on behalf of a company confirm that they are signing as sole director and sole secretary of the company;
- I/we acknowledge that if Vasco reasonably believes an email or facsimile communication it receives is from me/us Vasco is entitled to rely on that email or facsimile communication and will not be liable for any loss it may suffer if it is later found the email or facsimile communication was fraudulent.
- unless alternative authority for signature is notified to and accepted by Vasco, the person/persons that signs/sign this form is/are able to operate the account on behalf of the company and bind the company for future transactions, including in respect of additional deposits and withdrawals, including withdrawals by telephone and fax;
- I/we acknowledge that I/we have read and understood the information under the headings 'Privacy' in the relevant IM. I am/We are aware that until I/we inform Vasco otherwise, I/we will be taken to have consented to all the uses of my/our personal information (including marketing) contained under that heading and I/we have consented to my/our financial adviser providing such further personal information to Vasco as is required or reasonably deemed necessary by Vasco under applicable law;
- I/we understand that if I/we fail to provide any information requested in this application form or do not agree to any of the possible use or disclosure of my/our information as detailed on the IM, my/our application may not be accepted by Vasco and we agree to release and indemnify Vasco in respect of any loss or liability arising from its inability to accept an application due to inadequate or incorrect details having been provided;
- I/we acknowledge that none of Vasco, or any other member of Vasco or any custodian or investment manager, guarantees the performance of the Fund or the repayment of capital or any particular rate of return or any distribution;
- I/we are bound by the Trust Deed of the Fund and that an application for Units is binding and irrevocable;
- I/we have not relied on statements or representations made by anybody, other than those made in the IM;
- I/we agree and acknowledge no cooling off period applies and I/we have had the opportunity to seek independent professional advice on subscribing for Units;
- I/we agree and acknowledge Vasco is required to comply with the anti-money laundering laws in force in a number of jurisdictions (including the Anti-Money Laundering and Counter-Terrorism Financing Act 2006, the Foreign Account Tax Compliance Act (FATCA) and the Common Reporting Standard (CRS)) and I/we must provide Vasco with such additional information or documentation as Vasco may request of me/us, otherwise my/our Application for Units may be refused, Units I/we hold may be compulsorily redeemed, and any disposal request by me/us may be delayed or refused and Vasco will not be liable for any loss arising as a result thereof;
- I/we have provided a tax file number, and if not, I/we consent to Vasco withholding tax at the highest marginal tax rate;
- I/we acknowledge and agree to having read and understood the risks of investing in the fund as described in the IM and understand that the risks associated with the Fund's investments may result in lower than expected returns or the loss of my/our investment;

I/We also warrant and acknowledge that:

- All information contained in my/our Application is true and correct;
- I/we are not a Politically Exposed Person (PEP) as defined by the AML/CTF legislation;
- I/we are not a United States citizen or resident of the United States for tax purposes, nor am/are I/we subject to the reporting requirements of FATCA;
- I/we are a "wholesale client" for the purposes of section 761G of the Corporations Act and relevant information has been provided to confirm this and by investing in this Fund I/we will not cause any breach of the Corporations Act by or for Vasco;
- if the Applicant is a SMSF, it is compliant and investing in this Fund complies with the Superannuation Industry Supervision Act 1993 (Cth); and
- I/we hold the appropriate authorisations to become an Investor in the Fund and that offer cannot be revoked.

Schedule – Offering legends

It is the responsibility of any persons wishing to apply to subscribe for interests to inform themselves of, and to observe, all applicable laws and regulations of any relevant jurisdictions. Prospective investors should inform themselves as to the legal requirements and tax consequences within the countries of their citizenship, residence, domicile and place of business with respect to the acquisition, holding or disposal of interests, and any foreign exchange restrictions that may be relevant hereto.

AUSTRALIA

This IM may not be circulated or distributed and no offer for subscription or purchase of the Units offered hereby, nor any invitation to subscribe for or buy such interests has been made or issued, directly or indirectly, in Australia, other than to prospective Investors who are wholesale clients as defined in section 761G of the Corporations Act in an offer exempt from the disclosure requirements of Part 7.9 of the Corporations Act. Further, the Units offered hereby may not be resold in Australia within a period of 12 months after the date of issue otherwise than by means of an offer exempt from the disclosure requirements of Part 7.9 of the Corporations Act.

This IM is not a prospectus nor product disclosure statement under the Corporations Act and is not required to be, and has not been, lodged with ASIC. To the extent that information in this IM constitutes financial product advice, it is general financial product advice only, is provided by the Investment Manager and does not consider the specific objectives, financial intentions or needs of any particular person. Each person considering subscribing for interests should read this IM in full before making a decision to acquire any interests. There is no cooling-off regime in Australia that applies in respect of the issue of the Units.

CHINA

The unit of the Funds are not being offered or sold and may not be offered or sold, directly or indirectly, to the general public in the People's Republic of China ("PRC") (for such purposes, not including the Hong Kong and Macau Special Administrative Region or Taiwan). This Memorandum or other offering materials has not been filed with or approved by the PRC (for such purposes, not including the Hong Kong and Macau Special Administrative Region or Taiwan) authorities, and is not an offer of securities (whether IPO or private placement) within the meaning of the PRC securities law or other pertinent laws and regulations of the PRC. This Memorandum shall not be offered to the general public if used within the PRC, and the interests can only be offered or sold to PRC investors that are authorised to engage in the purchase and sale of the type being offered or sold. PRC investors are responsible for obtaining all relevant government regulatory approvals/licenses themselves, including without limitation any which may be required from the State Administration of Foreign Exchange, the China Banking Regulatory Commission, and complying with all relevant PRC regulations.

SINGAPORE

The Fund is a restricted scheme as referred to in section 305 of the Securities and Futures Act and an application for registration will be submitted to the Monetary Authority of Singapore prior to any offer made to investors in Singapore. This IM has been prepared on the basis that prospective Investors from Singapore are accredited investors or certain other persons prescribed under section 305 of the Securities and Futures Act. Accordingly, this scheme is not authorised or recognised by the Monetary Authority of Singapore and Units in this scheme are not allowed to be offered to the retail public. Further, this IM is not a prospectus as defined in the Securities and Futures Act and, accordingly, statutory liability under the Securities and Futures Act in relation to the content of prospectuses does not apply, and the offeree should consider carefully whether the investment is suitable for them.
